

BRITA VIVREAU Top 50/85

I was looking for ways to help us meet our CSR goals and shrink our carbon footprint. In BRITA VIVREAU, I found the right self-service water dispenser for us. It has helped cut down single-use plastic waste in our office. Plus, we can count on great-tasting water, whenever we want. Brand-name BRITA filtration technology gives us peace of mind.

VIVREAU Top 50/85

Versatility meets reliability.

Medium or high capacity versions

Easy Access Panel additional control device (can be optionally installed and flexibly positioned)

The BRITA HygienePlus solution (which combines an inlet filter, thermal disinfection, and a bacterial filter) provides effective protection for dispensers. Developed on the basis of over 20 years' experience in the healthcare market, it is designed for environments where hygiene is of the utmost importance, and is optionally available for BRITA VIVREAU Top 50/85.

• **Intuitive display and choice of buttons:** choice of touch or mechanical buttons to select water type

• **ThermalGate™** powerful thermal-disinfection feature supplied as standard

• **High-quality materials** stainless steel

• **Focus on sustainability** R290 natural refrigerant and extremely low power consumption

Ideal for e.g.

- Staff rooms
- Reception areas
- Lobbies
- Meeting rooms
- Gyms and fitness zones

Benefits

- Unlimited unchilled still or chilled still, sparkling or semi-sparkling water
- BRITA's ThermalGate™ feature protects against retrograde contamination from external sources
- Capacity: 50 l/h or 85 l/h

Two installation options

- Countertop
- Floorstanding

VIVREAU Easy Access Panel

Additional control unit for BRITA VIVREAU dispensers.

Design and operation tailored to BRITA VIVREAU water dispensers

- Choice of water types in line with the installed BRITA VIVREAU water dispenser

- Convenient positioning installation at diverse heights possible

- Ideal for e.g.
- Public-sector buildings
 - Hospitals
 - Offices and industry

Benefits

- Control unit can be positioned at a low height, e.g. for wheelchair users
- Helps create a barrier-free environment and meet inclusion and anti-discrimination requirements
- Available for VIVREAU Top 50/85, VIVREAU Extra I-Shape and VIVREAU Extra C-Shape

Two installation options

- Angled
- Flat: on countertop or cabinet front

A 360° solution

BRITA VIVREAU - for total peace of mind.

Filtration and hygiene

Water is H₂O - but not just. Tap water varies greatly from place to place. That's why we have created top-notch filtration solutions for over half a century. We are committed to excellent quality - and to outstanding hygiene. Our features ensure great water, at all times.

The wonder of water

Better water, enhanced well-being.

The water we drink is not just hydrogen and oxygen – it contains minerals and more.

That's because water is a dissolver extraordinaire: When rain falls, it soaks through the ground, gathering organic matter and minerals. This affects its taste, appearance and smell.

Mains water is treated and tested. However, there may be some residues from disinfection, piping, etc. That's where BRITA comes in. The right water composition tastes better, encouraging people to drink more. And hydration is key to health – for better well-being, concentration and productivity.

Good hydration is the basis for our body's metabolic processes and for our health. And staying hydrated is easier if water tastes good. That's why BRITA has a special department dedicated to taste.

– Birgit Kohler

Head of BRITA's Organoleptic Department,
certified water sommelier

The water cycle

Water is an outstanding solvent and can contain diverse substances

Water treatment

Added substances, e.g. chlorine, can affect taste

BRITA sensory water wheel

An overview of taste, aroma, mouthfeel

The power of filtration

Excellent water – an art and a science.

With BRITA's proven filtration solutions, you can be sure of excellent water – meeting the highest hygiene, quality and environmental standards.

At BRITA, water is our passion. We have channelled over half a century's expertise into our BRITA filtration and treatment technologies, and into each and every one of our BRITA VIVREAU dispensers.

From activated carbon to ion-exchange resins, pre-filters, post-filters, double-layer membranes and more – you will find effective filtration solutions for your specific needs.

What's more, you can be sure of Made-in-Europe quality. All BRITA VIVREAU filters are manufactured in Germany and the dispenser itself is assembled in Italy. We focus on sustainability throughout – using, for instance, natural coconut shells for our activated carbon.

Activated carbon
Reduces substances that impair taste and odour

Ion exchanger
Reduces limescale and metals, e.g. lead

The right balance
Preserves minerals in water

Dependable hygiene

Solutions that give you peace of mind.

BRITA's built-in safeguards keep dispensers squeaky clean by reliably removing bacteria, microbial cysts and more.

We take an end-to-end approach to hygiene, starting with the manufacture of our BRITA VIVREAU dispensers in Italy. Our recently established production facility is equipped with the latest hygiene technology. And our service technicians observe strict safety measures when they install your dispenser - ensuring the best-possible start.

Our dispensers' BRITA ThermalGate™ feature heats the tap to defend against contamination from external sources. And our optional BRITA HygienePlus solution - developed based on over 20 years' experience of the healthcare market - provides outstanding hygiene. Both have been tested and validated by independent institutes.

What's more, you will find cleaning instructions and guidance on our website - and we offer a proven portfolio of tailor-made cleaning products.

End-to-end hygiene
Starting with the dispensers' manufacture in Italy

Product features
BRITA ThermalGate™ and BRITA HygienePlus

Regular cleaning
Ensures safety and a long product life

CLARITY Taste 50/100

Water filter: Crystal clear water for cold drinks.

The BRITA CLARITY Taste filter unites activated carbon technology with a pre-filter. This dynamic duo preserves minerals in water while removing unwanted substances, such as microplastics and chlorine. The result is crystal-clear water with a reliably refreshing taste. What's more, the filter protects the dispenser against downtime caused by fine particles, such as rust and sand.

BRITA CLARITY Taste 50/100 filters are compatible with:

- VIVREAU Top 15
- VIVREAU Top 50/85
- VIVREAU Extra I-Shape
- VIVREAU Extra C-Shape
- VIVREAU ViTap
- VIVREAU Fill
- VIVREAU Bottler

The right balance
Preserves minerals in water.

Activated carbon filtration
Reduces substances that impair taste and odour.

Pre-filter
Removes coarse particles.

• **Filter capacity:**
Taste 50: 4,000 l
Taste 100: 11,500 l

• **Perfect-tasting water**
with ideal properties

• **Protects equipment**
and therefore lowers
dispenser maintenance costs

Benefits of BRITA CLARITY Taste

Reduces fine particles such as microplastics or sand

Reduces metals such as lead

Reduces pharmaceuticals, pesticides and hormones

Reduces chlorine taste and odour

Reduces organic impurities

Reduces asbestos fibers

CLARITY Protect 100

Water filter: Reliably safe, excellent water for your dispenser.

Drinking water is strictly controlled. But in healthcare and other environments, you often need an extra level of safety. The CLARITY Protect 100 filter was made precisely for these scenarios. It removes bacteria, cysts and more to ensure exceptionally clean, safe water. Together with the CLARITY Safe X3 filter and BRITA ThermalGate™ feature, it forms the BRITA HygienePlus solution.

BRITA CLARITY Protect 100 is compatible with:

- VIVREAU Top 50/85 HygienePlus
- VIVREAU Extra I-Shape HygienePlus

The right balance
Preserves minerals in water.

Hollow fibre membrane
Filters out 99.999% of bacteria and 99.95% of cysts.

Activated carbon filtration
Reduces substances that impair taste and odour.

Pre-filter
Removes coarse particles.

• **Filter capacity:**
Protect 100: 11,500 l

• **Exceptionally clean, safe drinking water**

• **Protects equipment and therefore lowers dispenser maintenance costs**

Benefits of BRITA CLARITY Protect

Reduces fine particles such as microplastics and asbestos fibers

Reduces metals such as lead

Reduces pharmaceuticals, pesticides and hormones

Reduces chlorine taste and odour

Reduces organic impurities

Removes bacteria and cysts

CLARITY Safe X3

Water filter: A bacterial filter for outstanding hygiene in critical environments.

The CLARITY Safe X3 filter rounds out the BRITA HygienePlus solution. This filter is just upstream of the dispenser outlet tap. So when you draw water, CLARITY Safe X3 removes any potentially remaining bacteria, microbial cysts and other unwanted impurities - right then and there. This final layer of protection guarantees water of outstanding quality and hygiene each and every time you use your dispenser.

BRITA CLARITY Safe X3 is a key component included in:

- VIVREAU Top 50/85 HygienePlus
- VIVREAU Extra I-Shape HygienePlus

Double-layer membrane
Filters out 99.99999% of bacteria and 99.95% of cysts.

Benefits of BRITA CLARITY Safe X3

Reduces fine particles such as microplastics

Reduces fine particles such as sand

Reduces bacteria

Reduces microbial cysts

Second safeguard in combination with CLARITY Protect, filters water when dispensing

Filter capacity: Filter life of up to 6 months

Maximum safety via asymmetrical double-layer membrane

BRITA ThermalGate™

Hygiene feature: BRITA's powerful thermal disinfection solution.

The tap of a typical water dispenser is exposed: a sneeze or touch of a hand, for example, can introduce germs. Without a robust safeguard, microorganisms on the wet tap can go on to contaminate the dispenser. That's why our BRITA VIVREAU dispensers include our ThermalGate™ feature. This automatically and regularly heats the tap to protect against contamination. So you can sit back and relax – knowing you have a proactive, powerful defence against germs, tried and tested by an independent laboratory (Ruhr District Institute of Hygiene).

ThermalGate™
Protects against retrograde contamination.

The tap is automatically heated to over 125°C at regular intervals for thermal disinfection.

ThermalGate™ is continuously active, providing protection not only at peak times, but also during periods of inactivity, e.g. at night or on weekends

Does not require manual effort or chemical additives

Developed on the basis of over 20 years' experience in the healthcare market.

BRITA HygienePlus

Hygiene feature: Proven three-zone-protection for special hygiene requirements.

Our special BRITA HygienePlus solution consists of three safeguards. Together, they deliver the outstanding degree of protection needed in hygiene-sensitive environments. In fact, we developed it based on over 20 years' experience in the healthcare market. BRITA HygienePlus removes bacteria and microbial cysts, so you enjoy safe, great-tasting water at all times. Plus, BRITA HygienePlus has been tested in multiple studies at hygiene institutes, including at University Medical Center of the Johannes Gutenberg University Mainz, confirming e.g. compliance with DVGW-W 516.

Benefits of BRITA HygienePlus

1. The first step is the BRITA CLARITY Protect filter. This cartridge combines a pre-filter with activated carbon and hollow-fibre membrane technologies. With a pore size of just 0.15 μm , it reliably retains any potential bacteria and cysts, in line with NSF 53. Plus, it reduces turbidity, metals e.g. lead, and taste-impairing substances e.g. chlorine.
2. Next up is BRITA CLARITY Safe X3. This filter - located directly upstream of the dispenser tap - is a very fine, asymmetrical double-layer membrane that retains any potentially remaining bacteria and cysts just before the water is drawn.
3. Last but not least, BRITA's powerful ThermalGate™ feature automatically and regularly heats the dispenser outlet tap. This protects against contamination from external sources, such as physical contact (e.g. touching the tap) and droplets (e.g. from sneezing or coughing).

BRITA Accessories

One of the best things about BRITA VIVREAU: it is a complete solution. There's your dispenser, which you can combine with customised bottles. Everything is installed by professional service engineers. And there are further choices – such as flexible financing options.

Diverse accessories

Find the match for your dispenser.

The water dispenser is only one part of the picture: take advantage of BRITA products across the entire water dispensing-serving-cleaning cycle.

We provide premium customisable and reusable bottles that can be readily refilled via our dispensers. Where needed, the bottles can be stored in special crates precisely designed for the various types of BRITA designer bottles. Clean, filled bottles and used empties can be placed in separate, dedicated crates.

Furthermore, hygiene is always the top priority. We therefore provide all equipment necessary to properly sanitise BRITA VIVREAU dispensers and BRITA bottles. For bottles, we offer a choice of washing trays, including versions compatible with professional and domestic dishwashers.

And our best-practices tip: we recommend cleaning BRITA VIVREAU dispensers daily for extra peace of mind.

Are you looking for ways to shrink your carbon footprint?

Replacing plastic bottles with long-lasting BRITA bottles and corresponding accessories is an easy way to make a difference.

Customisable BRITA bottles

Sustainable BRITA bottles and dispenser solutions: The perfect pairing.

Make your BRITA bottle your very own.

Customised high-quality bottles are ideal for a variety of scenarios. Placed on meeting or restaurant tables, for instance, they provide a great opportunity to prominently position a logo or raise awareness of a particular message.

The glass designer bottles come in a variety of sizes and styles, so you can find the right option for your organisation's needs.

Additionally, reusable bottles are a stand-out way to communicate your commitment to the environment. Eliminating single-use plastic bottles helps shrink carbon footprints and makes a statement – and now more than ever, it's something your employees, guests and clients will recognise and appreciate.

At the same time, giving up pre-bottled drinks does not mean your water is any less refreshing: our dispensers simply and efficiently chill water on demand.

3. Cup holder (in-counter)	<ul style="list-style-type: none"> • Ideal for tap systems e.g. BRITA VIVREAU Extra • Suitable for cups 70 to 94 mm in diameter thanks to rubber lips in four sizes • Size (H x W_{tube}): 597 x 111 mm • Cup size: 70 to 94 mm in diameter • Capacity: up to 120 cups • Countertop borehole: 124 mm in diameter

Cups	
1. Transparent PLA cup	<ul style="list-style-type: none"> • Made from plants, 100% renewable • 100% biodegradable, sturdy and shatter-proof • Package contents: 3,000 PLA cups • Capacity: 200 ml • Diameter: 70 mm • Temperature resistance: up to 45°C
2. Cardboard cup with PLA coating	<ul style="list-style-type: none"> • Made from cardboard derived from wood cellulose fibres; cellulose from FSC®-certified forests • 100% biodegradable, sturdy and shatter-proof • Package contents: 2,000 cardboard cups • Capacity: 200 ml • Diameter: 70 mm • Temperature resistance: up to 85°C

Dispenser cleaning	
1. Alcohol-based disinfection	For daily disinfection of the dispenser outlet tap
2. Eco cleaning spray	For daily cleaning of dispenser housing / base cabinet
3. Cleaning cream (as required)	For weekly cleaning of the metal parts of the drip tray, decalcifying effect
4. Stainless steel finish (as required)	To polish and protect stainless steel parts e.g. base cabinets

The BRITA VIVREAU service package

Expert, reliable advice and assistance.

Our BRITA service package keeps your water dispenser in optimal condition, and helps you avoid costly downtime and reactive maintenance costs.

You can take advantage of a premium end-to-end water-dispenser solution – comprising a range of services, a dedicated customer-care team, and a national team of BRITA service engineers. We support you throughout the entire lifecycle of your dispenser, from the on-site survey and installation, to training, maintenance and servicing.

We are a one-stop shop for your organisation's specific drinking water needs – from advising you on the best dispenser model for your requirements, to installing and commissioning, to providing regular servicing. Twice-annual maintenance helps to ensure correct operation and effective hygiene.
