# EARTH

by Gemma Bernal

EARTH winks at imperfection, at something made manually and with its own differences. The superposition of imperfect forms and their geometry, always give interesting, different results and that produce mobility. The choice of also arbitrary and uneven surface finishes emphasizes this idea. The nequality of tones and shapes, which seems casual, is the essence of EARTH.

# ARTISAN COLLECTION

The way food tastes is influenced by more than simply the ingredients it contains. Studies suggest that the colour and texture of plates and even the actual shape of bowls can have a direct impact on the way we experience flavours. Artisan is born out of this philosophy.

Artisan is a beautiful new tableware range that combines shape, texture and colour in a way that is designed to elevate and enhance the entire dining experience. Inspired by the hand-thrown style of pottery design studios, Artisan offers something unique. It combines the look of hand-crafted products with the strength, consistency and durability of tableware that has been produced by a truly world-class manufacturing process. This ensures that Artisan is every bit as practical as it is beautiful.

And what makes Artisan even more appealing is its ability to deliver this unique combination at a price that offers you exceptional value for money.

# OXIDE

Impeccably designed and mysteriously crafted, the Oxide collection is a classic example of an oxymoron for it brings alive spotted beauty. The unevenly spread oxide spots are strewn over across the collection with seamless ease making it stand out in the eyes of the beholder. The exquisite colour palettes augment the design qualifying the collection for a solid meal and making the audience crave for more!

Hospitality is a demanding industry that has specific, ever-evolving needs. The unique blend and amalgamation of raw materials, breakthrough technology and a quality assurance team, guarantees that all Ariane Fine Porcelain items are kept in line with these requirements.

## DISHWASHER SAFE

Our porcelain is fired at high temperatures which making it highly resistant to repeated dish washing cycles at high temperature.

## MICROWAVE & SALAMANDER SAFE

Ariane Porcelain products are both microwave and salamander safe due to their heat resistant layer of glaze. (Other than products with all kind of decorations including with precious metals like Gold, Platinum etc).

## SMOOTH APPEARANCE

The special glaze fired at high temperatures not only gives all our porcelain a smooth, clean finish, but also ensures that it becomes completely non-porous, guaranteeing higher levels of hygiene.

## ABRASION PROOF

The special glazing fired under high temperature ensures strong resistance to scratches or abrasions.

## LIMITED DANGER IN CASE OF BREAKAGE

The products are designed to avoid breakage hazards, as they break cleanly into safely manageable pieces.

## THERMAL SHOCK PROOF

Ariane Fine Porcelain not only retains heat to keep the food warm, but also is resistant to variations in temperature.

## PERFECT FUNCTIONALITY

All our designs focus on absolute functionality. Most items are stackable including cups, bowls and platters, which enables the most efficient use of space.
