STUDIO[®] PRINTS

Studio Prints collections are a contemporary take on traditional studio pottery and celebrate the creative history of ceramics. Manufactured in the UK, Studio Prints are achieved with Churchill's print process. The print is positioned directly under the glaze, creating a protective layer over the decoration. Studio Prints currently features two ranges, **Homespun**, which emulates traditional rustic hand thrown textures and sophisticated **Raku**, which was inspired by traditional glazing techniques. Both ranges provide all of the durability and technical reassurance required for a hospitality environment.

STUDIO®
PRINTS

Homespun

A contemporary take on
traditional studio pottery

The collection offers a blend of contemporary sophistication and nostalgia. The natural colours and subtle pattern complement a wide selection of cooking and dining styles, showcasing the freshest ingredients and enhancing food presentation.

Homespun Revival

Made in England, Homespun is an underglaze print design with a hand applied edge band, which adds authenticity to the range as each piece is unique. The range has all of the professional performance benefits of our super vitrified products.

Raku

A stunning high performance product inspired by authentic reactive glazing processes

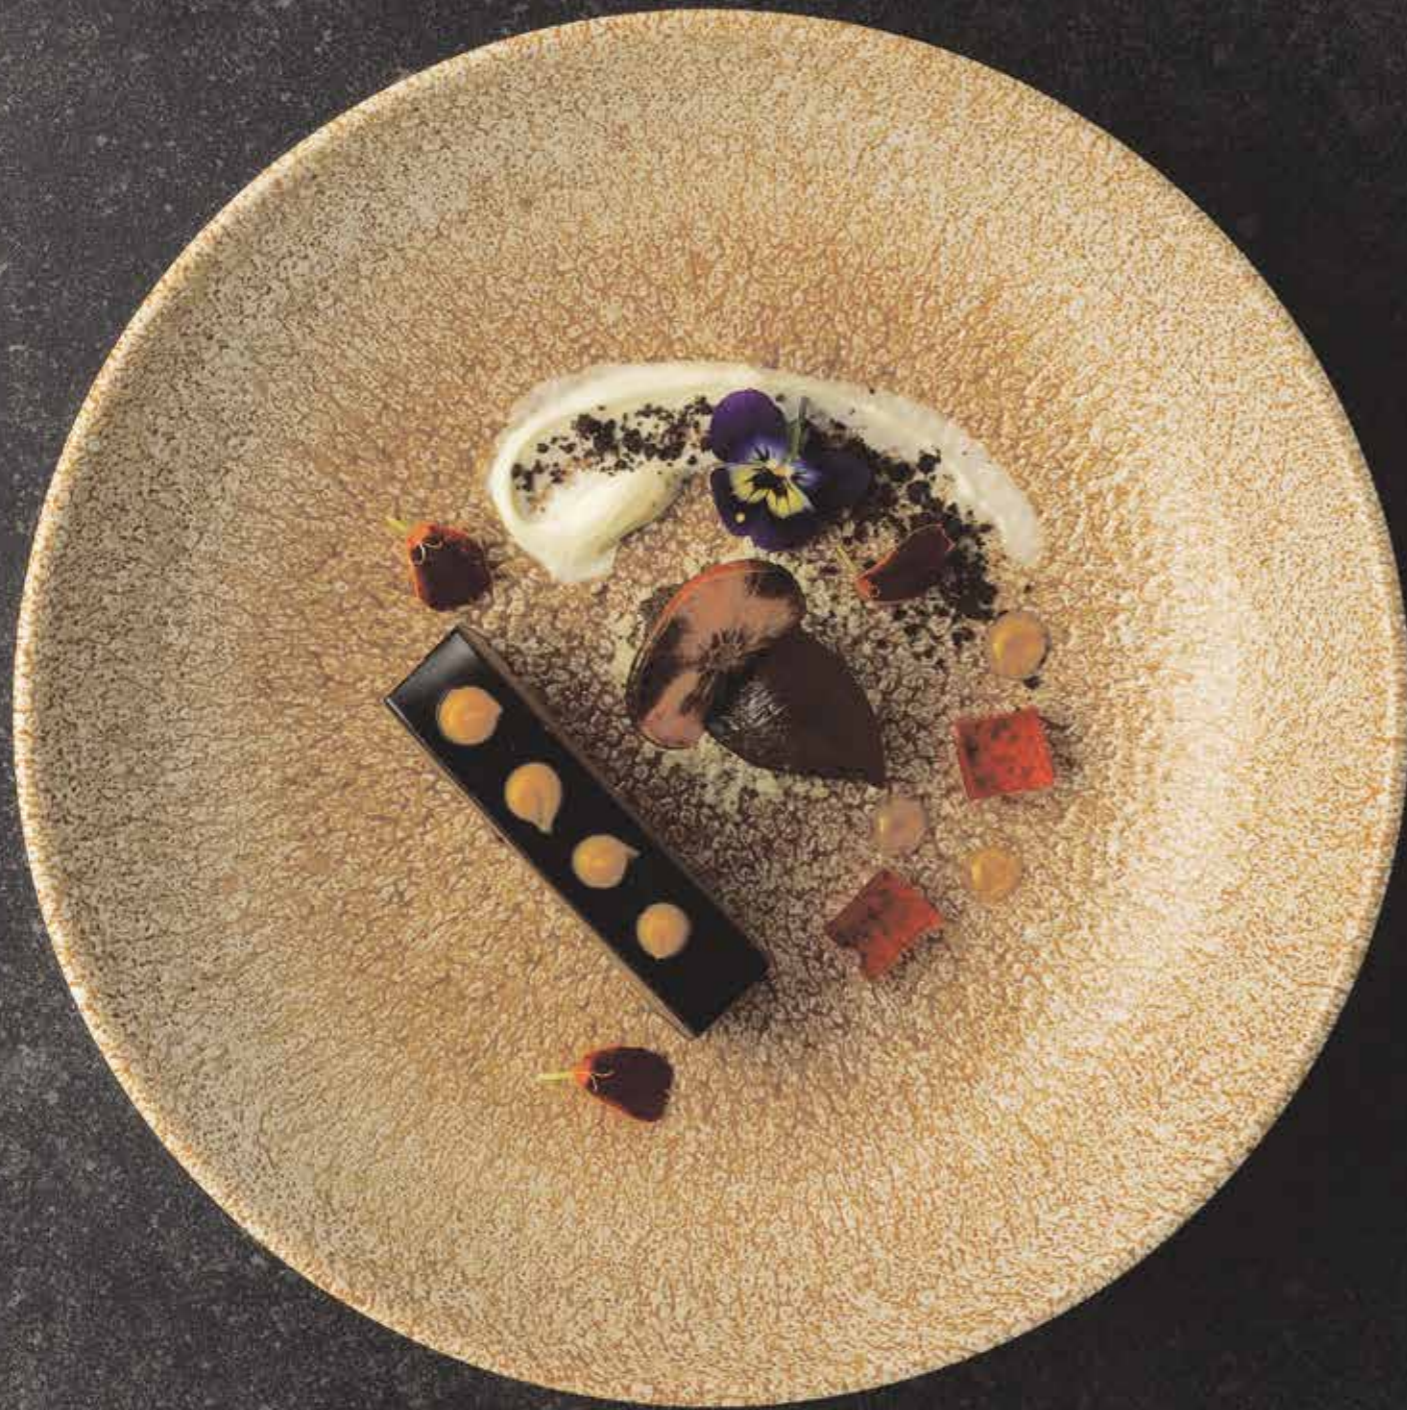

Raku, is inspired by the traditional glazing process known as Raku firing which creates expressive and exciting results. Raku showcases reactive texture through print.

Expressive and Exciting

Made in England, Raku inspired prints are achieved with Churchill's innovative print process. The print is positioned directly under the glaze, creating a protective layer over the decoration. Each piece is unique as the reactive print acquires its beautiful colour through random, spontaneous effects. Emulating an artisan glaze finish, Studio Prints Raku has all of the durability and technical reassurance required for the hospitality environment.
